

CRC MINING SOLUTIONS

Mining equipment operates in the harshest of environments, above and below ground. Proper and timely maintenance is crucial to minimizing downtime and maximizing profit. CRC MRO chemical products service the Mining industry in 3 major areas of operation: Material Handling, Equipment Maintenance, and Fleet Maintenance. In addition to our broad range of products, CRC offers value-added programs, such as our Risk Reduction Partnership Plan™ (R2P2)™, as well as virtual or onsite Safety Shorts Training to help facilitate compliance with site safety requirements.

TOGETHER, WE GET IT DONE.™

CRC MINING SOLUTIONS

DEGREASERS / CLEANERS

AREA#	DESCRIPTION	CRC#	PRODUCT DESCRIPTION	APPLICATION AREAS
1 	T-Force™ Degreaser (MUO)	73115	Utilizes revolutionary technology that combines the power of a high performance, industrial strength degreaser with lower VOCs. It is non-conductive, non-corrosive, non-staining and has no flash or fire point.	Air tools, mechanical brakes, clutches, chains, wire ropes, motors, dies, molds, parts, bearings, generators & compressors.
2 	Contact Cleaner 2000™ Precision Cleaner	72140	Effective alternative to 141b-based cleaners when sensitive plastics are not a concern. Evaporates quickly, leaves no residue, has no flash point and contains no Class I or Class II Ozone Depleting Chemicals.	Contacts, metal switches, motors, relays, generators, edge connectors, busbars, circuit breakers, scales & sensors.
3 	QD™ Contact Cleaner	72130	Suitable for cleaning sensitive electronics and electrical equipment. Evaporates quickly, leaves no residue and is safe to use on all plastics. Use where lower flashpoint cleaners are acceptable.	Telephones, PCs, relays, edge connectors, tape heads, busbars, circuits, contacts, printed circuit boards, switches & breakers.
4 	SmartWasher® SW-37 with SW-X1 Fluid	1751314	SW-X1 is a premium high performance aqueous degreasing solution used in our SmartWasher® Bioremediating Parts Washing System. CRC SmartWasher® SW-37 Mobile Heavy Weight Parts Washer Kit includes 5-5 gal. OzzyJuice® SW-X1 High Performance Degreasing Solutions and 1-Ozzymat® FL-4 Filter.	Used to clean contaminants off parts in machine shops, maintenance areas or truck bays.
5 	Brakleen® Brake Parts Cleaner	75089 75090 75091 75093	The original brake parts cleaner. Formulated to quickly & effectively remove grease, brake dust, brake fluids, oils, & other contaminants from brake parts, lining & pads.	ABS, disc, drum, brake cylinders, brake drums, brake linings, brake shoes, calipers, clutch discs, disc brake pads & discs. Safe for use on all brake systems including: Springs & Wedge brakes.

CRC MINING SOLUTIONS

DEGREASERS / CLEANERS

AREA#	DESCRIPTION	CRC#	PRODUCT DESCRIPTION	APPLICATION AREAS
6	 Heavy Duty Degreaser	73095	A versatile cleaner/degreaser that is extremely effective in most heavy duty applications. It aggressively dissolves grease, oil and sludge for more efficient operation of mechanical equipment.	Air tools, mechanical brakes, clutches, chains, wire ropes, motors, dies, molds, parts, bearings, generators & compressors.
7	 Super Citrus™ Degreaser (MUO)	73170	Removes grease, oil and lubricants with no water wash-off. Evaporates quickly and leaves no residue. Pleasant citrus scent.	Air tools, mechanical brakes, clutches, chains, wire ropes, motors, dies, molds, parts, bearings, generators & compressors.

LUBRICANTS / PENETRANTS

AREA#	DESCRIPTION	CRC#	PRODUCT DESCRIPTION	APPLICATION AREAS
8	 Freeze-Off® Super Penetrant	75222	A unique formula that immediately drops the temperature of the area in direct contact with the spray. The freezing effect cracks rusted surfaces, allowing Freeze-Off® to reach deeper & work more effectively than other penetrants.	Automobiles, boats & watersports equipment, household items, plumbing fixtures, agricultural equipment and sporting goods.
9	 3-36® Multi-Purpose Precision Lubricant	73005	A plastic safe lubricant, penetrant and corrosion inhibitor that helps prevent electrical malfunctions caused by water penetration, humidity, condensation or corrosion. Restores resistance values and helps stop current leakage.	Connectors, relays, circuit breakers, transformers, switchgear, motors, generators, controls, instruments, communication assemblies, electronics, alarm systems, starters, tubing, castings, gears, weld rod, wire, fixtures, dies, jigs, shim stock & chucks.
10	 Knock'er Loose™ Penetrating Solvent	73020	An industrial strength lubricant and penetrant designed to quickly loosen and free seized, bound or frozen fasteners. Quickly permeates rust, scale, gum, grease and corrosion. Eases disassembly of machinery, tools and equipment.	Nuts and bolts, pins, screws, bushings, clips, hinges, snaps, lugs, caps, locks, washers and sliding mechanisms.
11	 Oilfield Dry Moly Lube	1750744	Fast drying film resists dirt and dust build-up. Good adhesion and long lasting formula. Lowers friction, prevents galling and helps to reduce torque and energy consumption. High anti-friction and anti-seize properties.	Use as a surface spray to reduce torque on assemblies. Dries quickly to leave behind moly particles to aid in the assembly or disassembly of dissimilar materials.

CRC MINING SOLUTIONS

SPECIALTY PRODUCTS

AREA#	DESCRIPTION	CRC#	PRODUCT DESCRIPTION	APPLICATION AREAS
12	 Driller Red Grease Extreme Pressure Lithium Complex Grease	73640	Driller Red Grease is a NLGI #2 Red Grease which offers superior protection to lubricate a wide variety of severe duty drilling, industrial, mining and construction equipment. Timken load of 36 kg.	Drilling and mining applications, backing plates, ball joints, chassis points, construction ball & roller bearings, idler bearings, industrial applications, pillow block bearings, sprocket bearings, U-joints, water pumps & wheel bearings.
13	 SP-400™ Corrosion Inhibitor	73282	Long-term indoor/outdoor corrosion inhibitor that provides protection of all equipment subject to heat, humidity, chemicals or severely corrosive atmospheres. Use on machined surfaces & assemblies subjected to long periods of storage. Indoor/Outdoor protection up to 2 years.	Motors, shafts, equipment exposed to elements, outdoor storage of raw materials & finished stock.
14	 Weld-Kleen 350® Anti-Spatter	1008275 1008183 1008184	A safe, effective water-based product designed for use on most base metal applications. Environmentally friendly anti-spatter offering superior performance. Ideal for protecting parts, clamps, tooling and fixtures. Non-hazardous, non-flammable and paintable.	For use on most base metal applications. Used by leading manufacturers, effective for use in robot torch blow down systems.
15	 Evapo-Rust® Heavy-Duty Rust Remover	ER071 ER019 ER014	A non-corrosive rust remover dip for restoring rusty parts. With Evapo-Rust, you can remove rust to bare metal without sanding or scrubbing. Evapo-Rust is the best rust remover available on the market today. It is simple and easy to use, with no need for mixing. The solution comes ready to use. Just soak, rinse, and reuse.	Restore rusted hardware, tools, industrial parts, iron, auto parts, and more to like-new condition.

SEASONAL PRODUCTS

AREA#	DESCRIPTION	CRC#	PRODUCT DESCRIPTION	APPLICATION AREAS
	 Bug Blast	72010	Fast acting, high strength insecticide. Ergonomic trigger that provides control, even with gloved hands, and is accurate up to 15' away. Plastic safe – will not damage plastic connectors and other insulating materials.	For any outdoor worker around electric and power utilities, telecommunications equipment and installation sites, bridge and tower maintenance, cable and wire installation sites, industrial plant grounds, warehouses, farm structures and buildings.
