

INDUSTRIAL

CRC Non-Chlorinated Industrial Degreaser

When performance matters and compliance is required.

Power through the toughest grease without chlorinated solvents. CRC Non-Chlorinated Industrial Degreaser for manufacturing or processing activities (MPA)* delivers fast, aggressive cleaning performance that cuts oil, grease, dirt, and grime from metal parts, tools, and equipment—while meeting MPA compliance requirements. Formulated for industrial environments, this high performance degreaser leaves surfaces clean and residue free, helping improve equipment reliability and reduce downtime. The 19 liter bulk format is ideal for high use maintenance operations, offering excellent value and fewer changeouts.

Features & Benefits:

- **Fast Acting Solvent Blend:** Quickly dissolves oil, grease, lubricants, and heavy industrial soils to reduce cleaning time and downtime.
- **Residue Free Cleaning:** Leaves surfaces clean and ready for use, assembly, or inspection—no additional wiping or rinsing required in most applications.
- **Heavy Duty Industrial Performance:** Designed for demanding maintenance and manufacturing environments where tough soils are common.
- **Versatile Application:** Ideal for cleaning metal parts, tools, machinery, engines, and production equipment across multiple industries.
- **Bulk 19 Liter Format:** Provides excellent value for high volume users, reducing packaging waste and minimizing reorder frequency.

Use On:

- Motors
- Pumps
- Generators
- Hoists
- Compressors
- Mechanical Equipment
- Corroded Machinery
- Air Tools
- Mechanical Brakes & Clutches
- Chains
- Wire Ropes
- Bearings
- Dies & Molds
