

DRILLER RED GREASE

Extreme Pressure Lithium Complex Grease

With an industry high 80+ lb Timken OK Load, CRC Driller Red Grease is designed to withstand greater amounts of pressure, especially in oil and gas applications. Driller Red Grease offers superior wear and shock load protection to applications with high axial or thrust loads.

Benefits

- Premium quality lithium complex, Extreme Pressure (EP), NLGI 2 grease
- Outstanding protection in wet environments; water washout <3%
- “Tacky”, stay in place formula makes it excellent for drilling applications
- Long lasting lubricating protection for Plug, Gate and Ball valves where an integral sealing and corrosion preventative film is required; ensures a smooth controlled actuation over extended maintenance periods
- High compatible thickener base reduces equipment failure risk during conversion break-in process
- The distinctive red color makes it easy to identify during and after lubrication
- Superior protection to lubricate a wide variety of severe duty automotive, trucking, industrial, mining and construction equipment

Part Number	73640
Size	396 Gram Cartridge
Units Per Case	10 / Case
Cases Per Pallet	150 cases per pallet

Part Number	73650
Size	15.9 KG Pail
Units Per Case	1 Unit / Case
Cases Per Pallet	24 cases per pallet
