

SP-400™ LONG TERM CORROSION INHIBITOR

Powerful, Long-Term Corrosion Protection—Indoors & Out!

Shield your valuable equipment from the harshest environments with our premium corrosion inhibitor. Engineered for long-term defense against heat, humidity, and chemicals. Even in the most aggressive atmospheres, it's the ultimate solution for protecting machined surfaces and stored assemblies. Whether indoors or outdoors, enjoy up to 2 years of reliable protection—no compromises, no corrosion.

USE ON

- ▲ Motors
- ▲ Shafts
- ▲ Equipment exposed to elements
- ▲ Outdoor storage of raw materials and finished stock

- ▲ Reduces Maintenance Costs: Minimizes corrosion-related damage and downtime
- ▲ Long-term protection (up to 2 years outdoors) for all metals during shipment or extended storage
- ▲ Firm, waxy film seals out moisture and is highly resistant to humidity and salt spray. Will not become brittle.
- ▲ Easily-removable film provides protection for all equipment subject to heat, humidity, chemicals or severely corrosive atmospheres
